

COMPANY PROFILE

Oneida Total Integrated Enterprises (OTIE) is a tribally-owned, small disadvantaged business, wholly-owned by the Oneida ESC Group, which is owned by the Oneida Nation of Wisconsin.

OTIE offers technical skills and a mature business infrastructure developed through extensive experience providing MEC investigation and remediation, environmental, construction, engineering, munitions response and emergency response services to federal, state and local government agencies and commercial customers in the CONUS and across the world.

Our mission is to preserve, restore, and enhance the natural and constructed environment for future generations through successful project delivery for our customers.

ONEIDA ESC GROUP
MISSION STATEMENT

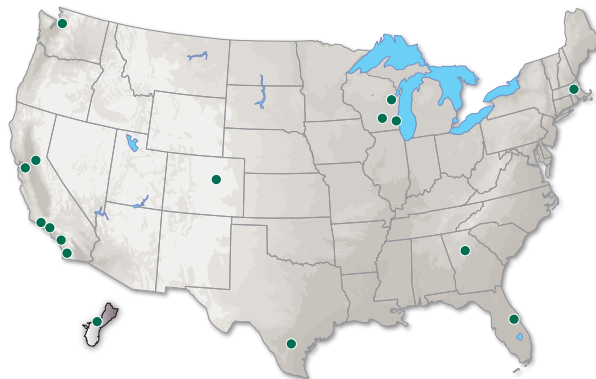

OTIE draws on the knowledge and experience of over 300 employees. From our original office in Milwaukee, WI and offices coast-to-coast, We integrate MEC Project Managers, Operations Specialists, and UXO Technicians as well as engineers, scientists, and construction managers for safe, cooperative, and businesslike project delivery to enhance our customers' missions.

OTIE offers MEC investigation and

remediation management services. All members of our MEC operations team are NAVSCOL Master EOD qualified (Indian Head, MD) and deliver proven safety and QC procedures for low-risk, high-quality services.

OTIE enhances our customers' experience with positive, productive interactions with stakeholders using data visualization, customized graphics, site-specific websites, and informational materials to promote understanding, consensus, and community acceptance.
